

Tomato Sequencing Meeting at PAG
Sunday, January 11, 2009
10:00 am – 3:30 pm
Location: Le Sommet Room

Agenda

- 10:00 Todd Vision
Progress report on *Mimulus* sequencing/annotation, focusing on evaluation of utility for comparative analysis with tomato
- 10:30 René Klein Lankhorst
Next Generation Sequencing Update
- 11:00 Items for discussion?
- 11:30 – 1:00 Lunch (on your own)
- 1:00 Steve Stack and Hans de Jong
FISH/Cytogenetics Updates
- 2:00 Chromosome progress updates and discussion
Projects that will be represented – Chromosome 1, 2, 3, 4, 6, 7, 12
- 3:30 Adjourn

Note:

I allotted 30 minutes for each presentation, which includes time for the actual presentation and discussion. Please keep your presentations to about 20 minutes.

As for chromosome updates, try to keep them to about 10 minutes or less.

Attendees

Mondher Bouzayen	Hans de Jong	Cheol Goo Hur	Dóra Szinay
Carl Braun	Zhangjun Fei	Byung-Cheorl Kang	Joyce Van Eck
Glenn Bryan	Eric Ganko	René Klein Lankhorst	Roeland van Hamm
Rob Buels	Jim Giovannoni	Lukas Mueller	Todd Vision
Doil Choi	Giovanni Giuliano	Steve Stack	Ying Wang
